Hiring Team

Canonical

Re: Software Engineer — Python — Container Images, 6222476

Dear Canonical Hiring Team,

I am applying for Software Engineer — Python — Container Images (6222476), home-based APAC. You want Python, Docker/Kubernetes, and CI/CD (GitHub Actions listed). That is my production path: GitHub Actions builds Docker images and rolls them to Kubernetes on a live exchange. 2 years 2 months. B.Tech CSE (AI).

Publishing Ubuntu container images and GitOps-as-a-job are ramps. Remote from India. Full-time.

Sincerely,

Atul Banyal
