Hiring Team

Infineon

Re: Young Graduate Trainee / Automation Engineer, HRC1715365

Dear Infineon Hiring Team,

I am applying for Young Graduate Trainee — Automation Engineer (HRC1715365) at Bangalore BTP. The posting asks for a CS degree and 0–2 years with Python scripting and software design. I have 2 years 2 months of production Python, REST APIs, Git, and CI/CD. B.Tech CSE (AI), CGPA 7.7.

I understand this is a temporary trainee role, not a senior IC seat. Wi-Fi/IoT device validation and semiconductor lab tooling are ramps. I will work on-site at Bangalore BTP. Full-time.

Sincerely,

Atul Banyal
