

Atul Banyal

Custom Software Engineer | Node.js · REST APIs · MongoDB · JavaScript · React.js

Vadodara, Gujarat · Open to Bengaluru

atulbanyalreal@gmail.com · linkedin.com/in/atul-banyal-6629a2185 · github.com/duggi20

SUMMARY

Application-minded software engineer with 2+ years delivering custom web applications independently and in reviews. Professional React.js/Next.js and REST backends; hands-on Node.js, Express, MongoDB, and Git from production-style microservices. Strong documentation and code-review habits. Four-year B.Tech Computer Science (15+ years full-time education). Can relocate to Bengaluru.

SKILLS

Must-have alignment: Node.js, RESTful API design, MongoDB / MySQL-style data stores, JavaScript, HTML/CSS, React.js, Git

Also: Ruby on Rails, Next.js, Docker, Kubernetes, AWS, CI/CD, Jest, Agile delivery

EXPERIENCE

Software Engineer — SkyAch Software Solutions Pvt. Ltd.

Custom application development for fintech / exchange clients

Jun 2024 – Aug 2026

- Performed independently on well-scoped features: designed, coded, tested, and enhanced Rails + React/Next.js components for 1,000+ daily users.
- Participated in team discussions and code reviews; contributed fixes and API documentation so others could operate the same apps.
- Worked Git-based workflows end to end (branch, review, release).

PROJECTS

Node.js microservices + React client (personal)

- Built Express/TypeScript services with MongoDB, JWT cookie sessions, and REST endpoints — the posting's Node + Mongo + JavaScript-framework bar.
- Implemented a Next.js/React client and Jest tests; used Git throughout.

EDUCATION

B.Tech, Computer Science and Engineering (AI specialization)

ITM SLS Baroda University, Vadodara — 15+ years full-time education

2020 – 2024
