Re: Application Support Engineer (Python), ATCI-5715393-S2063558, Mumbai

Dear Accenture Hiring Team,

I am applying for Application Support Engineer in Mumbai (ATCI-5715393-S2063558). The posting lists 0–2 years in Python and asks for software detectives who diagnose issues in live systems. I have 2 years 2 months of production Python, SQL, and CI-to-runtime debugging. B.Tech CSE (AI), CGPA 7.7, 15 years of full-time education.

I am applying for the application-support track, not a backend SWE seat. I will relocate to Mumbai. Full-time.

Sincerely,

Atul Banyal
