Re: Software Engineer I, International Expansion, Bengaluru (Ashby 91733641)

Dear Handshake Hiring Team,

I am applying for Software Engineer I, International Expansion in Bengaluru (on-site). You ask for 1–3+ years owning production systems end-to-end. I have 2 years 2 months of production Python FastAPI, TypeScript/React, REST APIs, SQL, and Docker/Kubernetes on live products. B.Tech CSE (AI), CGPA 7.7, 2020–2024.

I own features from requirements through production on product APIs, UI, and operator workflows. I am not claiming a prior player-coach or multi-contributor lead title. I will relocate to Bengaluru for on-site. Full-time.

Sincerely,

Atul Banyal
