Re: Custom Software Engineer / Application Developer, Node.js — Bengaluru (ATCI-5218598-S1915173)

Dear Accenture Hiring Team,

I am applying for Custom Software Engineer, Job No. ATCI-5218598-S1915173, Bengaluru. The req lists 3 years of Node.js; I have 2+ years of professional custom web apps (React/Next.js and REST) plus hands-on Node.js, Express, MongoDB, and Git from a production-style microservices project. That covers the must-haves: Node.js, REST, MongoDB, JavaScript frameworks, and code reviews.

I work independently on features, document APIs, and participate in reviews. I hold a four-year B.Tech in Computer Science (ITM SLS Baroda University, 2024) and can relocate to Bengaluru.

Sincerely,

Atul Banyal
