Accenture

Re: Application Developer, React.js — Bengaluru (ATCI-4977558-S1857293)

Dear Accenture Hiring Team,

I am applying for Application Developer, Job No. ATCI-4977558-S1857293, Bengaluru. The posting asks for a minimum of 2 years in React.js. I have 2 years 2 months of professional React.js/Next.js work: component-based UIs, REST integration, Git reviews, and documentation for a live product used by 1,000+ daily users.

I work independently on features, join team discussions, and can relocate to Bengaluru. I hold a four-year B.Tech in Computer Science (ITM SLS Baroda University, 2024). Oracle/SQL is a good-to-have on this JD; my production data work is MongoDB plus REST.

Sincerely,

Atul Banyal
