Hiring Team

GE Vernova

Re: Software Engineer, Job ID R5052607, Hyderabad

Dear GE Vernova Hiring Team,

I am applying for Software Engineer R5052607. The posting requires 1+ years of hands-on software development and proficiency in Python and core Java. I have 2 years 2 months designing, testing, and debugging object-oriented Python (FastAPI) plus PostgreSQL-backed production services. That meets the year floor and the Python bar.

Core Java, IEC-61850, HVDC, and embedded hardware integration are ramps — I am not claiming them as production. I can relocate to Hyderabad. B.Tech CSE (AI), 2020–2024. The posting closes 18 September 2026; I can start the process immediately.

Sincerely,

Atul Banyal
