Hiring Team

London Stock Exchange Group (LSEG)

Re: Engineer, Site Reliability Engineering, R0119021, Bengaluru (Associate)

Dear LSEG Hiring Team,

I am applying for Engineer, Site Reliability Engineering (R0119021) at Divyasree Technopolis, Bengaluru. The posting is Associate grade and lists Kubernetes, Docker, GitHub Actions, AWS, Snowflake, Python, and Bash. I have 2 years 2 months shipping and supporting those tools on production products (container CI/CD, Python automation, Snowflake/dbt, incident-style debugging from logs).

Terraform, Jenkins, Datadog/OpenTelemetry, Kong, Azure, Cosmos DB, and ServiceNow/ITIL are ramps — I am not claiming production SRE platform ownership. I will relocate to Bengaluru. B.Tech CSE (AI), 2020–2024.

Sincerely,

Atul Banyal
