Re: Software Development Engineer I, Amazon Rewards, Job ID 10523331

Dear Amazon Hiring Team,

I am applying for Software Development Engineer I on Amazon Rewards in Bengaluru (10523331). The posting asks for 1+ years of non-internship professional software development and one programming language. I have 2 years 2 months of production Python FastAPI and Rails REST APIs, SQL, Docker, Kubernetes, and CI/CD. B.Tech CSE (AI), CGPA 7.7.

This is a permanent SDE I req, not the FTC seats. Java as a primary Amazon service language is a ramp if the team uses it. I will relocate to Bengaluru. Full-time.

Sincerely,

Atul Banyal
